QUESTIONS

STORY STRUCTURE FOR 200

Miles grabbed his duffel bag and left the police station in a hurry, ready to get out on his rounds. After driving for a while, he found his suspect. He reached into the passenger's seat for the duffel bag and rummaged for his spy camera, only to find that it was missing! Miles specifically remembered placing the camera in his bag. Tracing his steps in his mind, he only remembered bumping into the new recruit at the front desk. Remotely, Miles activated the spy camera and was surprised to see a plate of tasty donuts in front of the camera. "Ugh, he really thought it was a pen!" Miles sighed, before turning around to return to the police station and retrieve the pen from the rookie officer.

What is the **conflict** of the story?
