WORKING SCOREBOARD

The scoreboard works **ONLY** in the PowerPoint version. Google Slides, unfortunately, does not have the same capabilities so you will need to track the scores on that version.

INTERACTIVE GAMEBOARD

The point values only disappear after used on the Powerpoint version. Google Slides, unfortunately, does not have the same capabilities so you will need to keep track with the included question tracker.

The gameboard is a 6x5 grid of colored squares. The columns are labeled: Series (blue), Direct Address (orange), Clauses (pink), Dates & Places (yellow), and Mixed Bag (green). The rows are labeled with point values: 100, 200, 300, 400, and 500. To the right of the grid is the text 'COMMAS GAME SHOW' written vertically. Below the grid are two buttons: 'SCOREBOARD' and 'RESET PAGE'.
